

BALTIMORE CITY DEPARTMENT OF PUBLIC WORKS

CHIEF OF ENGINEERING

The Department of Public Works, Bureau of Water and Wastewater, is seeking a highly qualified Chief Engineer. The Chief Engineer will provide oversight to the Bureau's \$2.2 Billion Capital Improvement Program (CIP) and direct the strategic planning, study and design for water and wastewater infrastructure renewal.

ESSENTIAL DUTIES AND RESPONSIBILITIES

- Plans, directs and coordinates the operations, activities and programs of the Engineering Division of the Bureau of Water and Wastewater.
- Directs, through subordinate supervisors, divisional staff engaged in engineering and engineering support work.
- Oversees planning, surveying, design, contracting and construction projects for water, wastewater and storm water systems.
- Liaises with Federal and State agencies on progress and status of Consent Decree mandates.
- Provides technical support and consultation to other divisions, departments and/or agencies to resolve emergencies relating to water, wastewater and storm water structure design.
- Represents the Division at community meetings, public hearings or before governmental councils.
- Prepares, justifies and recommends capital improvement project budgets and operating budgets.
- Reviews proposed work by developers, utility companies and other outside agencies.

DESIRABLE QUALIFICATIONS

A bachelor's degree from an accredited college or university in civil engineering and seven to ten years of civil engineering experience, including three to five years of supervisory and project management experience.

A master's degree may be substituted for one year of the experience requirement.

A Professional Engineering license is required and a valid Maryland Class C noncommercial driver's license or equivalent out-of-state driver's license.

COMPENSATION AND BENEFITS

Baltimore City Department of Public Works offers a competitive salary commensurate with education and experience and a comprehensive benefits package.

HOW TO APPLY

This position will remain open until filled. Interested and qualified candidates should submit a cover letter and resume, which specifically addresses the applicant's relevant education and experience for this position to:
